

Vascular Biology 2017 - Meeting-at-a-Glance

	Developmental Vascular Biology and Genetics	Vascular Matrix Biology and Bioengineering
Sunday, October 15		
2:00-6:00pm	Pre-Conference Meeting	
	Featured Speaker: George Davis; Career Transition Panel Discussion and Short Talks by Trainees	
7:30-8:45pm	Opening Session	
	Keynote Lecture by Nancy Speck: <i>Hematopoietic Stem Cell Formation from Hemogenic Endothelium</i> Presentation of the Travel Awards	
8:45pm	Welcome Reception	
Monday, October 16		
8:30-10:00am	<i>Vascular Progenitors</i>	<i>Vascular Tissue Engineering</i>
10:30am-12:00pm	<i>Vascular Cell Biology</i>	<i>Mechanotransduction</i>
12:00-1:30pm	Lunch and Learn	
2:00-4:15pm	<i>Vascular Signaling</i>	<i>Vascular Mechanics</i>
4:30-5:30pm	Nano-Talks	
7:00-10:00pm	Posters and Exhibits	
Tuesday, October 17		
8:30-10:00am	<i>Transcriptional Control/Gene Regulation</i>	<i>Extracellular Matrix and Disease</i>
10:30am-12:00pm	<i>Coronary Vascular Development</i>	<i>Vascular Calcification</i>
2:00-4:00pm	Bioengineering Organ-Specific Vasculatures	
4:15-4:45pm	Basics of Fluid Dynamics and Shear Stress Definition in Flow Experiments (<i>Exhibitor Showcase sponsored by ibidi</i>)	
7:00-10:00pm	Posters and Exhibits	
Wednesday, October 18		
8:30-10:00am	<i>Lymphatic Development</i>	<i>Vascular Imaging</i>
10:30am-12:15pm	<i>Vascular Heterogeneity</i>	<i>Engineering Angiogenesis</i>
1:45-2:15pm	NAVBO Membership Business Meeting	
2:30-4:30pm	Award Presentations and Lectures	
7:00-9:00pm	Vascular Therapeutics	
Thursday, October 19		
8:30am-8:35am	Presentation of Outstanding Poster Awards	
8:35am-12:00pm	Engineering Vascular Morphogenesis
