

# Vascular Biology 2017 - Meeting-at-a-Glance

	Developmental Vascular Biology and Genetics	Vascular Matrix Biology and Bioengineering
<b>Sunday, October 15</b>		
2:00-6:00pm	Pre-conference Meeting	
	Featured speaker, George Davis; panel discussion and abstract presentations	
7:30-8:30pm	Opening Session	
	Keynote Lecture by Nancy Speck: <i>Hematopoietic Stem Cell Formation from Hemogenic Endothelium</i>	
	Presentations of the Travel Awards	
8:30pm	Welcome Reception	
<b>Monday, October 16</b>		
8:30-10:00am	<i>Vascular Progenitors</i>	<i>Vascular Tissue Engineering</i>
10:30am-12:00pm	<i>Vascular Cell Biology</i>	<i>Mechanotransduction</i>
2:00-4:00pm	<i>Coronary Vascular Development</i>	<i>Vascular Mechanics</i>
4:00-4:30pm	Nano-Talks	
7:00-10:00pm	Posters and Exhibits	
<b>Tuesday, October 17</b>		
8:30-10:00am	<i>Transcriptional Control/Gene Regulation</i>	<i>Extracellular Matrix and Disease</i>
10:30am-12:15pm	<i>Vascular Signaling</i>	<i>Vascular Calcification</i>
2:00-4:00pm	Bioengineering Organ-Specific Vasculatures	
7:00-10:00pm	Posters and Exhibits	
<b>Wednesday, October 18</b>		
8:30-10:00am	<i>Lymphatic Development</i>	<i>Vascular Imaging</i>
10:30am-12:00pm	<i>Vascular Heterogeneity</i>	<i>Engineering Angiogenesis</i>
2:00-4:00pm	Award Presentations and Lectures	
7:00-9:00pm	Vascular Therapeutics	
<b>Thursday, October 19</b>		
8:30am-12:00pm	Engineering Vascular Morphogenesis
